Methods of test for masonry units – Part 9: Determination of volume and percentage of voids and net volume of calcium silicate masonry units by sand filling

The European Standard EN 772-9:1998 has the status of a Swedish Standard. This document contains the official English version of EN 772-9:1998.

Swedish Standards corresponding to documents referred to in this Standard are listed in "Catalogue of Swedish Standards", issued by SIS. The Catalogue lists, with reference number and year of Swedish approval, International and European Standards approved as Swedish Standards as well as other Swedish Standards.

Murverk – Del 9: Kalksandsten – Bestämning av hålvoly och procent hål samt kompaktvoly

Europastandarden EN 772-9:1998 gäller som svensk standard. Detta dokument innehåller den officiella engelska versionen av EN 772-9:1998.

Motsvarigheten och aktualiteten i svensk standard till de publikationer som omnämns i denna standard framgår av "Katalog över svensk standard", som ges ut av SIS. I katalogen redovisas internationella och europeiska standarder som fastställts som svenska standarder och övriga gällande svenska standarder.

English version

Methods of test for masonry units – Part 9: Determination of volume and percentage of voids and net volume of calcium silicate masonry units by sand filling

Méthodes d'essai des éléments de maçonnerie – Partie 9: Détermination du volume et du pourcentage des vides et du volume net absolu des éléments de maçonnerie en silico-calcaire par remplissage de sable

Prüfverfahren für Mauersteine – Teil 9: Bestimmung des Loch- und Nettovolumens sowie des prozentualen Lochanteils von Kalksandsteinen mittels Sandfüllung

This European Standard was approved by CEN on 1998-07-02.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
