Fruit and vegetable juices – Determination of the free amino acids content – Liquid chromato- graphic method

The European Standard EN 12742:1999 has the status of a Swedish Standard.

Swedish Standards corresponding to documents referred to in this Standard are listed in "Catalogue of Swedish Standards", issued by SIS. The Catalogue lists, with reference number and year of Swedish approval, International and European Standards approved as Swedish Standards as well as other Swedish Standards.

Frukt- och grönsaksjuicer – Bestämning av halten fria amino- syror – Vätskekromatografmetod

Europastandarden EN 12742:1999 gäller som svensk standard.

Motsvarigheten och aktualiteten i svensk standard till de publikationer som omnämns i denna standard framgår av "Katalog över svensk standard", som ges ut av SIS. I katalogen redovisas internationella och europeiska standarder som fastställts som svenska standarder och övriga gällande svenska standarder.

ICS 67.160.20

Standarder kan beställas hos SIS som även lämnar allmänna upplysningar om svensk och utländsk standard.

EUROPÄISCHE NORM

February 1999

ICS 67.160.20

Descriptors: fruit-and vegetable juices, chemical analysis, determination of content, amino acids, chromatographic analysis

English version

Fruit and vegetable juices - Determination of the free amino acids content - Liquid chromatographic method

Jus de fruits et de légumes - Dosage des teneurs en acides aminés libres - Méthode par chromatographie en phase liquide

Frucht- und Gemüsesäfte - Bestimmung der Gehalte an freien Aminosäuren - Flüssigchromatographisches Verfahren

This European Standard was approved by CEN on 17 January 1999.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
