### **Packaging – Light-gauge metal packaging – Open-top round cans defined by their nominal gross-lidded capacity**

The European Standard EN 13027:2001 has the status of a Swedish Standard. This document contains the official English version of EN 13027:2001.

Swedish Standards corresponding to documents referred to in this Standard are listed in "Catalogue of Swedish Standards", issued by SIS. The Catalogue lists, with reference number and year of Swedish approval, International and European Standards approved as Swedish Standards as well as other Swedish Standards.

### **Förpackningar – Burkar av plåt – Runda burkar med öppen topp, definierade genom sin nominella fyllnadskapacitet**

Europastandarden EN 13027:2001 gäller som svensk standard. Detta dokument innehåller den officiella engelska versionen av EN 13027:2001.

Motsvarigheten och aktualiteten i svensk standard till de publikationer som omnämns i denna standard framgår av "Katalog över svensk standard", som ges ut av SIS. I katalogen redovisas internationella och europeiska standarder som fastställts som svenska standarder och övriga gällande svenska standarder.

## Packaging - Light-gauge metal packaging - Open-top round cans defined by their nominal gross-lidded capacity

Emballage - Emballages métalliques légers - Boîtes rondes  
serties définies par leur capacité nominale totale

Verpackungen - Feinstblechverpackungen -  
Falzdeckeldosen, gekennzeichnet durch deren  
Gesamtfassungsvermögen

This European Standard was approved by CEN on 1 December 2000.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

## Foreword

This European Standard has been prepared by Technical Committee CEN/TC 261 "Packaging", the secretariat of which is held by AFNOR

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by July 2001, and conflicting national standards shall be withdrawn at the latest by July 2001.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

## Introduction

Efficient packaging is of great importance for the distribution and the protection of goods. Insufficient or inappropriate packaging can lead to damage or wastage of the contents of the pack.

It is based upon ISO 10653 : 1993.

Recommended diameters related to this range of capacities are shown in the Annex A (informative) to this standard.
