NORME EUROPÉENNE

EUROPÄISCHE NORM

March 2010

---

ICS 13.220.10

English version

Fire extinguishing media - Foam concentrates - Part 2: Specification for high expansion foam concentrates for surface application to water-immiscible liquids

Agents extincteurs - Emulseurs - Partie 2:  
Spécifications pour les émulseurs haut  
foisonnement destinés à une application à  
la surface de liquides n'ayant pas d'affinité  
pour l'eau

Feuerlöschmittel - Schaummittel - Teil 2:  
Anforderungen an Schaummittel zur  
Erzeugung von Leichtschaum zum  
Aufgeben auf nicht-polare (mit Wasser  
nicht mischbare) Flüssigkeiten

This corrigendum becomes effective on 17 March 2010 for incorporation in the three official language versions of the EN.

## **SS-EN 1568-2:2008/AC:2010 (E)**

### **1 Modification to the Foreword**

*In the paragraph after the list of standards, replace the reference to EC directive "2006/60/EEC" with "2006/122/EC" to read as follows:*

"As fire fighting foams are chemical agents or chemical preparations EC directives 1967/548/EEC, 1999/45/EEC, Regulation (EC) 1907/2006 (REACH) and 2006/122/EC apply and should be taken into account."

### **2 Modification to the Introduction**

*In the last paragraph, replace the reference to EC directive "2006/60/EEC" with "2006/122/EC" to read as follows:*

"It is extremely important that the foam concentrate after dilution with water to the recommended concentration should not in normal usage present a significant toxic hazard to life in relation to the environment. The current versions of EC directives 67/548/EEC, 2006/122/EC, 1999/45/EEC and Regulation (EC) 1907/2006 apply when considering the testing of ecotoxicological properties and safety in the work environment."
