# Standarder får världen att fungera

*SIS (Swedish Standards Institute) är en fristående ideell förening med medlemmar från både privat och offentlig sektor. Vi är en del av det europeiska och globala nätverk som utarbetar internationella standarder. Standarder är dokumenterad kunskap utvecklad av framstående aktörer inom industri, näringsliv och samhälle och befrämjar handel över gränser, bidrar till att processer och produkter blir säkrare samt effektiviserar din verksamhet.*

## Delta och påverka

Som medlem i SIS har du möjlighet att påverka framtida standarder inom ditt område på nationell, europeisk och global nivå. Du får samtidigt tillgång till tidig information om utvecklingen inom din bransch.

## Ta del av det färdiga arbetet

Vi erbjuder våra kunder allt som rör standarder och deras tillämpning. Hos oss kan du köpa alla publikationer du behöver – allt från enskilda standarder, tekniska rapporter och standardpaket till handböcker och onlinetjänster. Genom vår webbtjänst e-nav får du tillgång till ett lättnavigerat bibliotek där alla standarder som är aktuella för ditt företag finns tillgängliga. Standarder och handböcker är källor till kunskap. Vi säljer dem.

## Utveckla din kompetens och lyckas bättre i ditt arbete

Hos SIS kan du gå öppna eller företagsinterna utbildningar kring innehåll och tillämpning av standarder. Genom vår närhet till den internationella utvecklingen och ISO får du rätt kunskap i rätt tid, direkt från källan. Med vår kunskap om standarders möjligheter hjälper vi våra kunder att skapa verklig nytta och lönsamhet i sina verksamheter.

**Vill du veta mer om SIS eller hur standarder kan effektivisera din verksamhet är du välkommen in på [www.sis.se](http://www.sis.se) eller ta kontakt med oss på tel 08-555 523 00.**

# Standards make the world go round

*SIS (Swedish Standards Institute) is an independent non-profit organisation with members from both the private and public sectors. We are part of the European and global network that draws up international standards. Standards consist of documented knowledge developed by prominent actors within the industry, business world and society. They promote cross-border trade, they help to make processes and products safer and they streamline your organisation.*

## Take part and have influence

As a member of SIS you will have the possibility to participate in standardization activities on national, European and global level. The membership in SIS will give you the opportunity to influence future standards and gain access to early stage information about developments within your field.

## Get to know the finished work

We offer our customers everything in connection with standards and their application. You can purchase all the publications you need from us - everything from individual standards, technical reports and standard packages through to manuals and online services. Our web service e-nav gives you access to an easy-to-navigate library where all standards that are relevant to your company are available. Standards and manuals are sources of knowledge. We sell them.

## Increase understanding and improve perception

With SIS you can undergo either shared or in-house training in the content and application of standards. Thanks to our proximity to international development and ISO you receive the right knowledge at the right time, direct from the source. With our knowledge about the potential of standards, we assist our customers in creating tangible benefit and profitability in their organisations.

**If you want to know more about SIS, or how standards can streamline your organisation, please visit [www.sis.se](http://www.sis.se) or contact us on phone +46 (0)8-555 523 00**

Europastandarden EN 15017:2019 gäller som svensk standard. Detta dokument innehåller den officiella engelska versionen av EN 15017:2019.

Denna standard ersätter SS-EN 15017:2006, utgåva 1.

The European Standard EN 15017:2019 has the status of a Swedish Standard. This document contains the official version of EN 15017:2019.

This standard supersedes the SS-EN 15017:2006, edition 1.

## Funeral Services - Requirements

Services funéraires - Exigences

Bestattungs-Dienstleistungen - Anforderungen

This European Standard was approved by CEN on 28 July 2019.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

## **European foreword**

This document (EN 15017:2019) has been prepared by Technical Committee CEN/TC 448 “Funeral Services”, the secretariat of which is held by ASI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by March 2020, and conflicting national standards shall be withdrawn at the latest by March 2020.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN shall not be held responsible for identifying any or all such patent rights.

This document supersedes EN 15017:2005.

This document is a comprehensive technical revision of EN 15017:2005.

The main modifications are:

- Requirements for the education of funeral personnel have been added.
- More detailed requirements on the provision of funeral facilities have been added, including requirements for the provision of working equipment, transport vehicles and other working materials.
- More detailed requirements on advisory services and on care of the deceased have been added.
- Clauses on online funeral services, quality management, ethical values and privacy policy have been added.

According to the CEN-CENELEC Internal Regulations, the national standards organisations of the following countries are bound to implement this European Standard: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

## **SS-EN 15017:2019 (E)**

### **Introduction**

The revision of this document is based on the changing markets in the funeral sectors of Europe. It has been prepared to provide a state of the art position to all persons and/or companies providing a service in the funeral sector.

It is intended to provide more transparency in funeral-related services and facilities and the underlying pricing principles for the consumer and contains improvements on the part of the service providers in funeral-related services; hence providing higher standards and quality for the consumer and the client. The main contents are education, transport, facilities, advisory services, online funeral services, and care of the deceased for both burial and cremation services.

This document ensures quality in funeral services, including the highest respect for the deceased and bereaved, while respecting the laws and regulations in force.

## 1 Scope

This document sets out the requirements for the provision of funeral services with respect to education, transport, facilities, advisory services, and care of the deceased for both burial and cremation services.

This document is applicable to all funeral professionals, funeral homes, and funeral-related services at cemeteries and crematoria as well as any other person(s) providing funeral services of any kind.

This document does not apply to product-related technical requirements. Occupational health and safety requirements are not covered by this document.

## 2 Normative references

There are no normative references in this document.

## 3 Terms and definitions

For the purposes of this document, the following terms and definitions apply.

ISO and IEC maintain terminological databases for use in standardization at the following addresses:

- IEC Electropedia: available at <http://www.electropedia.org/>
- ISO Online browsing platform: available at <http://www.iso.org/obp>

### 3.1

#### **ashes**

#### **cremated remains**

remains of the deceased and/or human remains after being cremated including residual products of a burnt coffin/casket

### 3.2

#### **ashes container**

container made of resistant material for holding the ashes resulting from the cremation of the deceased and/or human remains

### 3.3

#### **body bag**

special bag made of resistant material designed to contain a human body, used for the storage and transportation of the deceased and/or human remains in order to prevent contact with the body

### 3.4

#### **body bag handles**

handles made of resistant material, e.g. PVC or strengthened nylon, for ease of handling of body bags

### 3.5

#### **burial**

interment of the deceased and/or human remains

### 3.6

#### **client**

organization, person(s) or family of the deceased that receives a service

### 3.7

#### **coffin**

#### **casket**

box or other container in which the body of the deceased is placed for burial or cremation
