UDC 621.646.2:644.6:621.793:620.1

Key words: Sanitary valves, metal coatings, nickel coating, chromium plating, inspection, surface condition, corrosion resistance, adhesion

English version

**Sanitary taps; General technical specifications
for electrodeposited nickel chrome coatings**

Robinetterie sanitaire; Spécifications générales des revêtements électrolytiques de Ni-Cr

Sanitärarmaturen; Allgemeine Anforderungen für elektrolytische NiCr-Überzüge

This European Standard was accepted by CEN on 1988-06-20.

CEN members are bound to comply with the requirements of the CEN/CENELEC Common Rules which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to CEN Central Secretariat has the same status as the official versions.

CEN members are the national standards organizations of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxemburg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
